Hot Stone Large Sets

Volcanic basalt stones have a high ferruginous component, non-porous, smooth texture, and high heat retention abilities, making them ideal for hot stone massage. Perfectly rounded compressed stone shapes rarely occur in nature so our stones are hand moulded to ensure each rock is a standard size and shape. This makes it more convenient for the therapist to handle and more comfortable to lay on the body.

The 26pc Basalt Set is our collection of larger stones for maximum heat retention. It contains 4XXL, 4 XL, 8 Lg, 2 Ovular Pressure Point & 8 Toe Stones (pictured overleaf).
Order code: HS001

The 54pc Deluxe Set contains 4 x XL Flat Oval, 6 x Large Flat Oval, 26 Medium Flat Oval, 6 Small Flat Oval, 6 Facial Stones, 4 Miniature Pressure Point, 2 Small Marble Oval. Presented in a bamboo box (pictured above).
Order code: HS024

Massage Stone Small Sets

The **Basalt Malteser Stone's** unique shape enables gentle or intense pressure to be applied in the smaller areas of the body such as around the joints. Measures 4.5 x 2cm and packed in a box of 10.

Order Code: HS027

Our beautiful **White Marble Set** has 9 pieces ideally for use on the head, neck and chest areas to refresh and revitalise the mind and spirit at the end of the massage session. Presented in a velvet drawstring bag.

Order Code: HS023

Compressed Basalt Stones are as thin as 1-1.5cm making them ideal to lay under the client on the table. They can also be used as placement stones on top of the body, providing soothing, restorative warmth. Available in two sizes; Extra Large is 15x12.8x1.5cm and packed in a box of 4, Large is 11.5x9.6x1.5cm and packed in a box of 8.

Order Code: HS025 (Extra Large)

Specialised Stones

The **Half Ball** stone's rounded shape is beneficial around bony joint areas. A dip in the flat surface creates suction between the palm and stone making it easier to control during treatments. Pack/2.

Order Code: HS028

The **Crescent Stone** is ideally shaped for use on leg muscles, its gentle curve cups the calves and thighs. Measures 12.5 x 6 x 2.5cm. Pack/2.

Order Code: HS016

The **Guasha stone** improves on the basic Guasha tool with its warming ability increasing circulation. Measures 12 x 5.7 x 0.6cm. Pack/2.

Order Code: HS022

Pressure Point Stones effectively target tense muscles. Choose from the nail, mushroom, basalt triangular, marble ovular or leach.

Order Code: HS017 (nail stone), HS018 (triangular), HS019 (mushroom), HS020 (marble ovular), HS021 (leach)

WHAT IS HOT STONE MASSAGE?

A new and exceptional bodywork called stone massage is combining the time-proven healing therapies of hot and cold applications and therapeutic massage. Used in relaxing spa treatments as well as for chronic tension and pain, stone massage is increasingly in demand. Massage with smooth, heated stones, sometimes contrasted with cool ones, is a nurturing experience beyond compare. Imagine relaxing back on a sun-warmed pebble beach and totally letting go with the calming and nurturing touch of massage. *excerpt from "Hot Stone Massage" Client Information Brochure available at Firm-n-Fold stores and online.*
